

RANJITH

Front-End Developer
(React.js, Redux, ES6)

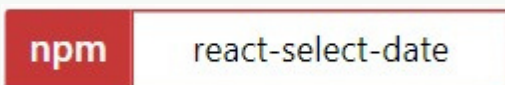

PROFESSIONAL SUMMARY

Over 4+ years experienced React Developer with hands-on experience in identifying web-based user interactions along with designing & implementing highly responsive user interface components by deploying React concepts. Proficient in translating designs & wireframes into high-quality code, and writing application interface code via Javascript and ReactJS workflows.

MY NODE PACKAGE

Created optimized Calendar component with Slot booking options, from this calendar users can choose between single-date, multiple-date, range, and slot booking features. I'm the one and only contributor to this calendar and followed Airbnb React/JSX Style Guide.

Developed a lot of features on this calendar like Single, Multiple, Range Select, SlotBooking, MinDate, MaxDate, DisableCertainDates, DisableDates, DisableDay, Default Value, etc.
